IN AVIATION, YOUR CAREER WILL ALWAYS SOAR HIGH

The Indian aviation sector grows day-by-day. In fact, it remains one of the fastest growing sectors in the country. At present, India is amongst the fastest growing aviation markets in the world and by 2020, it is poised to be the 3rd biggest in the world. By 2030, it will be the largest.

According to job portal website, Shine, the aviation industry supports more than 56 million jobs and with the industry growing rapidly, this is only likely to increase. The industry offers brilliant opportunities for students who aspire a career in the sector. With the emergence of new airlines, airports and air travellers, the aviation sector in India will see a new era of expansion.

No wonder, there are countless students looking to be a part of the sector.
